I have two fully-funded PhD scholarships (4 years + EU fees). Successful students will join the postgraduate program at the School of Computer Science and Statistics, Trinity College Dublin, and the SFT AdvanceCRT research centre from September 2023. Students will work with Dr. Viet Quoc Pham on projects related to wireless AI, distributed learning, and future networks.

Students interested in working with me and joining TCD/ADVANCE can send the applications to viet.pham@tcd.ie along with your full curriculum vitae, scholastic transcripts, an English language certificate, a short cover letter, and any documents you consider necessary for your application, by the 15 of May 2023. I apologize that I shall not reply due to a large number of received emails. I will get back to you should further information is needed.

Trinity College Dublin, officially The College of the Holy and Undivided Trinity of Queen Elizabeth near Dublin, is the sole constituent college of the University of Dublin, a research university in Dublin, Ireland. Trinity College Dublin is ranked 1st in Ireland and 98 in the world. The TCD School of Computer Science and Statistics is ranked 91st globally in computer science and information systems according to the latest QS ranking table by subjects. AdvanceCRT is an SFI research centre focused on Future Networks and the Internet of Things with applications in sustainable and independent living.
